A team of students from World Challenge, a UK based student expedition company, arrived for their project work with Centre for Sustainable Development, one of authorised hosts of World Challenge in India. This is ‘Team Duck’ from Marlwood School, Bristol. During their project work at GSSS Seri Banglow, one of the backward regions of District Mandi, the team would set up a botanical garden in the school, clean bawdis (traditional water sources) and will also participate in an exchange programme with school. On their arrival Sis Ram, the village Pradhan, took the team on a tour into the village.
