Participants of Intro Workshop on

Climate Change[/caption] An intro workshop on Online Teachers Training Program was conducted by Jitender Verma, a Climate Leader trained in person by Al Gore, at Indus World School Mandi. About 30 teachers participated in this workshop and got to know about Reality of Climate. After this intro workshop the teachers will be enrolled for online Teachers Training Program being offered by The Climate Reality Project India. After certification of minimum two teachers, Climate Youth Leadership Program will be initiated in the school to build knowledge of students and communities on Climate Change and related issues.
